

ANONYMOUS MONOTONOUS (Full Version)
Ron Lynch Chalice (Feb 1968, Revised 15 May 1986)

Dig it man, do what we say
Do as we tell you, you'll be okay
Get repected, pray hard and long
Give us your bread, and sing a loud song

I've got a secret, I want to tell you
But don't tell no one

The Bible was written by Smack Freaks

Can't have a woman, 'til you are wed
Then it's okay, to take her to bed
Gotta but your hair, to please your teacher
'Cause if you don't we're gonna talk to your preacher

I've got a secret, I want to tell you
But don't tell no one

The Bible was written by Smack Freaks

Your baby died, they say it's God's will
They say she'd sinned, 'cause she was usin' the pill
gotta live alone, repent for your deeds
ignore the pain of your physical needs

I've got a secret, I want to tell you
Gotta tell everybody
